25X1A

MEMORANDUM FOR: [REDACTED] R&D

SUBJECT : Proposed R&D Program, [REDACTED] FY-63;
Budget Estimates

25X1A

1. Attached is a rough estimate of the financial requirements of the proposed R&D program of [REDACTED] for FY-63. Included are broad priority categories assigned to the project groups, the priority designations having the following meanings:

25X1A

1A, 1B - Highest priority

(1A - project groups principally applicable to direct operational use;

1B - project groups which for the most part provide support for other programs or techniques applicable directly to operational use.)

2 - Medium priority

3 - Lowest priority.

2. Perhaps some work is needed and justified in all of the areas indicated. If so, and the budget will not allow activity at the total level indicated, greatest percentage reductions would be applied to Priority 2 and 3 items.

25X1A
